

13th Annual

Gail's Angels

Golf Classic

The Gail's Angels Foundation is a community based 501c(3) non-profit organization dedicated to providing support to women with breast cancer who have an autistic or special needs child. Gail's Angels is part of a philanthropic community. Our sole concern is the welfare of these families as the fight continues to be waged on breast cancer. It is the mission of Gail's Angels to provide an environment that lessens stress and offers inspiration to these women. The families need a helping hand to make their lives a little easier and we thank you for your support.
